

## First Annual Aletheia [TRUTH] Conference

### Truth Conference

June 2nd-4th

More than 20 years ago, a husband and wife discussed a vision for a school. This school would be devoted to God and to the Truth of His Word. It would offer educational opportunities that no other colleges and universities in the US could offer. It would unite peoples and nations from around the globe with a common goal and common vision for the unity of believers.

Ephesians tells us that unity comes

through Faith. Noah Webster's 1828 dictionary defines faith as, "Belief, the assent of the mind to the truth of what is declared by another." Jesus is the Way, the Truth, and the Life, and through our God given abilities of reason and understanding, that is to say abilities of mind, we come to know Him and to know of Him. This school would teach all those subjects of education which the Bible declares, upholds, and commands, and train others to do likewise. And from this vision was born Aletheia Christian College. Aletheia means "Truth" or to "not-forget." This has become both the insignia and the motto of ACC.

This summer, the educators, businessmen, pastors, missionaries, and other men and women who have supported this vision are coming together into one place and with one accord, to witness it coming to life in the Magic Valley. Our speakers: missionary & educator Jim Kilkenny, educator & administrator Dr. Diane Davis, missionary & businessman Ted Fields, lawyer Tom Lukashow, pastor Michael Wolfe, and President Randall Davis. It is our hope, and earnest desire to bring awareness to a desperate need in our world, a need for Christ. Jesus himself says to go into all the world teaching them, Matt 28, and history has shown that the most effective way to affect change is through the education of children. Join us and hear and see the power of the gospel made alive through the discipleship and education of the Word of God in the nations.

Visit our website at [www.aletheiachristian.com](http://www.aletheiachristian.com) for schedule, costs, and contact info.

### • The Days of Creation

Coming up fast on January 28th-29th. ACC's first seminar of the new year!

Every semester Aletheia hosts seminars and workshops for the educational benefit of our community. This Spring we have asked Dr. Gene Wisniewski, tal-

ented teacher and former principle of Liberty Christian Academy, to teach on Biblical Science and the Days of Creation.

This seminar is designed specifically for teachers and homeschooling families. Over the cour-

-se of the seminar attendees will begin building "Notebooks," personal curriculum tools that allow teachers to express their unique loves of learning to their students. Cost is \$50/person to attend. See Points of Interest for contact information to register.

***"You shall love the Lord your God with all your heart, soul, and might. These words that I command you shall be written on your heart. You shall teach them diligently to your children, talk of them when you sit in your house, when you walk by the way, when you lie down and when you rise." Deut 6:5-7***

#### Special points of interest:

- Check out our new website!
- Registration for the Spring semester is open until Jan 28th. Go to our website for add/drop slips and course listings.
- Register now for the Teaching Science Seminar: The Days of Creation with Dr. Gene Wisniewski, call Diane at 208-308-5154.

## Science Fair– February 26th

On the morning of the 26th students will arrive at Heritage Missionary Alliance Church at 9:00am to set up their booths. Doors will open at 10 am to family and friends to come visit each of the booths and hear presentations by the students.

Science fair entrees will be grouped by grade level, and prizes awarded for participation, creativity, comprehension, presentation, and more. The winner of the Grand Prize, who may be of any grade level, will have the honor of pre-

senting their project for everyone assembled. The fair will end by 1:00 o'clock.

All students, grades 1-12 are eligible to register for this event. Parents please feel free to aid your child especially if they are in the younger grades, but please keep in mind that these need to be their projects.

Please register with Rachel (539-5943) by February 21st. The registration deadline is strict due the nature of the event. We want to be as fair as possible to all those who participate.

Things to think about!

- What is the topic of my project/experiment?
- What principle of science is shown in my project?
- What excites me about my experiment?
- What do I want other people to know about my experiment?

(Just a little hint, judges will be looking to see if the presentations show true understanding of a principle of science.

See you all at the fair!!!

## Philippians 4/6

Lord God,

Thank you for the provision you have given us this last year. Thank you for another semester of classes just begun. Thank you for the students and donors who help ACC reach the world with wisdom and understanding regarding who you are and who we are.

I ask Triune God, that You will be with the friends and family of ACC, including Lyle-John, the President's grandson who is going through the midst of a course of medications for infantile spasms. Lord Jesus give our students wisdom and diligence as they study. Please give our staff and faculty grace

and peace as they work.

Lord Jesus, give each of us a spirit of humility as we live day-to-day, seeking your face and teaching and learning concerning your word and will.

Be glorified, Lord God, in our lives, Amen.

- Nathanael Davis

## Youth Camp 2011– July 5th-9th

The past two years we have been privileged to become friends with, and disciple many incredible teens from the Southern Idaho area. This year's Youth Camp will draw from the strengths of these youth to challenge them to a life of real Christianity, and intimate relationship with God.

The need for such a challenge is evident by the changing tides of modern youth culture. The world we live in is often cruel, selfish and unkind. More than ever before our youth must learn to lean

on their brothers and sisters in Christ for encouragement, accountability, love, and forgiveness as they walk beside each other in ministry. Our counselors this year are so excited to encounter these teens. The powerful truths and tools of the word of God that have helped them through many tough situations are being laid on the table to help these youth face the world around them with confidence in Christ.

Philippians 4:6 says, "I can do all things through Christ who is my strength."

For more information and/or registration forms please call Rachel @ 208-539-5943 or the ACC admissions office @ 208-490-0537.

Cost: \$25 registration fee, and \$60 due on or before the first day of camp.

Youth camp is open for teens 13 and up. If any youth would like to attend and cannot afford the cost please encourage them by helping them gain church support, family support, or giving them the opportunity to earn a few extra dollars around the house.

### Gifts of the New Year

Below are several missionaries whom ACC has been blessed to support continuously over the years. Please keep them in your prayers.

Jim Kilkenny and his wife Barbara have been serving the Lord on the mission field in Texas, US and world wide for over 45 years. Jim and Barb are the parents of 9 children and have planted schools all over the world with Teachers for the Nations.

Lewis Roberts and his family are missionaries in Ghana, Africa. Lewis works planting schools and other education centered ministries with the people of Ghana.

This year, ACC will also be supporting Meranda & Lender Alger and their work with orphans in Haiti. Mandy has been working with the Beautiful Child Foundation for many years as a fundraiser and missionary, and will soon be starting a school attached to the orphanage where they live.
